A pharmacy operating under an effective permit issued by the North Dakota Board of Pharmacy (hereinafter "Pharmacy"), agrees:

1. **WHEN EFFECTIVE** - This agreement is effective when signed on behalf of Pharmacy and acknowledged on behalf of the North Dakota Department of Human Services ("Department"). It supersedes all prior agreements.
2. **BILLING** - Pharmacy will bill the Department no more than that charged to the general public for prescription drugs and prescribed over-the-counter items.
3. **DISCOUNTS** - When Pharmacy offers a discount to any group, Pharmacy will also give that discount to any recipient of Medical Assistance who would otherwise be a member of that group. The Department will receive all discounts for "cash payment." Pharmacy will pass onto the Department any senior citizen discount for recipients meeting the age requirement for that discount.
4. **AUDIT** - Pharmacy will make available, without prior notice, all prescription files (whether those of Medical Assistance recipients or others) and all other records or information required by the Department to assure Pharmacy's compliance with this agreement. Parts 431 and 455), including the maintenance and disclosure of records identifying those persons holding an ownership or controlling interest in Pharmacy.
7. **AMOUNT OF PAYMENT** - Pharmacy will accept, in payment for prescription drugs and prescribed over-the-counter items, the lesser of the Pharmacy's usual and customary retail charge (after subtracting any applicable discounts) to the general public or:
  - a. For prescription drugs, the least of:
    - 1) The Estimated Acquisition Cost (EAC) as determined by the Department plus the current dispensing fee as determined by the Department.
    - 2) Maximum Allowable Cost (MAC/FUL) as determined by relevant federal or state regulations plus the current dispensing fee as determined by the Department.
    - 3) Estimated Acquisition Cost (EAC) plus the current dispensing fee when the Estimated Acquisition Cost (EAC) exceeds the Maximum Allowable Cost (MAC) and the prescribing physician has certified in his own handwriting and in a manner required by the Department as "brand necessary."
  - b. For the over-the-counter items, the EAC plus the lesser of 50 percent of EAC or the current dispensing fee as described by the Department.

Pharmacy understands that any computer billing that contains any falsification or concealment of a material fact may be prosecuted under state and federal laws.

## **INSTRUCTION FOR COMPLETING PHARMACY AGREEMENT**

Federal law (42 U.S.C. 1396a(a)(27)) requires that anyone who seeks payment for providing medical services to eligible recipients of the North Dakota Medical Assistance (Medicaid) program have a completed and signed provider agreement on file with the state agency. It is necessary for each pharmacy provider to execute a pharmacy agreement before payments can be authorized under the claims processing system.

An enrolling pharmacy should complete, sign, and date the pharmacy agreement and mail it to the North Dakota Department of Human Services. Upon receipt, it will be acknowledged and a copy will be returned to the pharmacy for its records.

After the pharmacy agreement is fully executed, the pharmacy will be assigned a provider number and so notified. This number must be used on all authorization forms submitted for payment. Pharmacies billing via computer must enter the provider number in the designated field on all transmissions.
